

WELCOME TO QUARTZSITE 2020!!

Everyone is responsible to register with the BLM camp host. Please park and then go register at least by the next day. There is no cost, but each rig must register individually. The host is parked on the west side of Cholla Road just north of our camping area and is marked with a small "Campground Host" sign. GPS Coordinates are N 33°38.652' W 114°16.112'. (Note: This location has not been verified at this time for 2020.)

Please sign in at the easel and pick up a copy of the Schedule.

Please wear a name tag during the get-together.

If you don't have a name tag from NWTFC, SWTFC or Safari International, please take a blank name tag and write your name on it. Keep it for future get-togethers.

The Safari International group is invited to join in all of our activities.

Bring plates, cups, utensils, beverages & chairs to meals, except for the Redlands BBQ. Wood donations for evening campfires would be appreciated!

Please clean up after yourselves. If you bring a dish to the potlucks, please remove that dish/empty box when it's over. No one should have to pick up after someone else. Thank you.

Monday, January 20

For those wanting to stay over, let's get together in the morning and talk about what we can do today. Some ideas are: lunch somewhere, dinner somewhere, ordering pizzas, tours, exchange ideas for next year's rally.

Next year (2021) we will officially extend the gathering an extra day (Monday), so suggestions on what to do this extra day would be welcomed.
