

08 TREK®

Live out **loud.**

Let your dreams come alive with the 2008 Safari Trek. Perfect for weekend excursions or nonstop travels, this RV combines power and performance with luxury and comfort. And did we mention great looks? New for 2008, Trek is sporting deluxe full-body paint and stylish front end caps. So stop daydreaming about all the places you can go and simply get going. Your new life is waiting.

Imagine the possibilities!

BENTLEY INTERIOR WITH NEWPORT CHERRY, 29RBD

LET THE ADVENTURE BEGIN.

Here is where it all begins — Trek's cockpit. Traveling is truly a pleasure with comfortable six-way seats, ceiling map lights, a CD player/radio with five speakers and multi-positioned sunvisors. The lucky driver will love the power of the 8.1liter V-8 engine, while both driver and passenger will enjoy all the sights unobstructed thanks to our exclusive Panaview™ 1-piece windshield. So set your sights on your dream destination and get going with Trek.

 **PANAVIEW™**
1-PIECE WINDSHIELD

BENTLEY INTERIOR WITH NEWPORT CHERRY, 29RBD

Get what you want with Trek's long list of options. Change the furniture to fashionable leatherette. Add a computer table with Euro-recliner chair and ottoman. Choose ceramic tile flooring. Or opt for an exterior entertainment center that includes a CD player and radio with two speakers. It's your choice.

SMART MOVES.

Trek's automobile-style dash makes it easy to drive, while its shorter length gives it greater maneuverability. But there's certainly no shortage of style or amenities. One of the most talked-about features is the hidden ceiling bed. At the push of a button, the bed, complete with convenient ladder, comfortable mattress and cozy sleep sac, descends from the ceiling. Ingenious! Click on the 26-inch LCD television in the cockpit overhead with a home theater surround sound system and you have a private movie theater the likes of which you won't find anywhere else.

FUEL YOUR DREAMS.

It's easy to keep your body fueled for adventure in Trek's kitchen. There's room to stock up with a double-door refrigerator with ice maker and lots of beautiful cabinets — now with raised panel doors and top arches. The stainless steel sink with a single-lever faucet and pullout sprayer is also new this year. You can whip up just about anything with the 3-burner cooktop and convection microwave. But don't worry about spills. They clean up in a flash on the up-to-the-minute laminate wood grain plank flooring.

The bath features the same flooring, along with an attractive solid surface countertop with integrated sink. Also helping with cleanup duty is the optional central vacuum system with convenient wall plug-ins.

BENTLEY INTERIOR WITH NEWPORT CHERRY, 29RBD

Dream big.

TREK 08 FABRICS & EXTERIOR COLORS

CHERRY OR CHAMPAGNE – THE CHOICE IS YOURS.

Newport Cherry

Champagne Select

DREAMY LOOKS. FLAWLESS PERFORMANCE.

Beautiful, raised panel cabinets add richness and sophistication to Trek's interior. But don't be fooled by their great looks.

These hardwood cabinets are built to last — with special features like heavy-duty ball bearing drawer glides, wood cabinet drawer boxes and toe kicks on base cabinets. Antique brass hardware adds flair, regardless of which easy-to-clean finish you choose.

**BETTER
STAIN
PROTECTION**

Manufactured in, not added on. For added protection against stains, soil repellant is applied to virtually all upholstery fabric during the finishing process for superior coverage.*

* Brand and application of upholstery fabric protection may vary depending on date recreational vehicle was manufactured.

KEY LARGO

Go ahead. Play hard. We're built for it.

2008 TREK

SmartStructure II - Stronger and Better

The fully integrated SmartStructure II features a Workhorse chassis. We've added overall strength by optimizing the inherent benefits of strain-hardened steel in conjunction with an aerodynamic metal removal principle to allow stress flow in the truss system to evenly distribute both static and dynamic loading across the coach platform. Integrity is stamped into the truss system instead of relying on the welds of the tubular structure. This equates to 40% fewer welds and strategically located metal removal to reduce the overall chassis weight and provide for greater carrying capacity.

9-Layer Roof (top to bottom)

- One-piece peaked fiberglass roof
- Luaun backing
- Thick, tapered bead foam insulation
- Aluminum double I-beam superstructure filled with fiberglass insulation
- Vapor barrier
- Structure foam: thermal insulative barrier
- 1/2" bead foam insulation
- Foam padding for extra insulation
- Padded vinyl ceiling

5-Layer Exterior Wall (left to right)

- Gel coat fiberglass
- Interlocking C-Channel filled with 1-1/2" fiberglass insulation glued in place so it doesn't sag or leave spaces uninsulated
- Vapor barrier
- Bead foam saves energy and provides a thermal insulative barrier
- Interior paneling

The Strength of Alumaframe®

Thanks to our Alumaframe® Superstructure, your Safari coach is built to take on anything the road can dish out. We revolutionized the industry by replacing outdated tubular aluminum construction with our exclusive system of aluminum C-Channel crossmembers. These run the full length of the coach, with double-welded intersections for superior strength. This makes your Safari lighter and sturdier than other coaches and gives you reliability you can count on down the road.

Aluminum
(Butt-Welded)

Alumaframe®
(C-Channel)

4-Layer Floor (top to bottom)

- Structurwood™
- Blue foam insulation
- 1-1/2" aluminum tube
- Three-ply poly underbelly

Black Tank	40	40
Fresh Tank	60	60
LP Tank ***	20	20

* Towing capacity is limited by GCWR; your vehicle's towing capacity is the difference between the GCWR and the actual vehicle weight, including all water, fuel, passengers and cargo. Your towed vehicle should be equipped with auxiliary brakes if the weight of the towed vehicle exceeds 1,000 lbs. Consult your owner's manual for further towing information.

** All tank capacities are estimated based upon calculations provided by the tank manufacturers and represent approximate capacities. The actual "usable capacity" may be greater or less than the estimated capacities based upon fabrication and installation of the tanks.

*** Actual filled LP capacity is 80% of listing due to safety shut-off required on tank.

The actual overall length of the recreational vehicle may differ from that indicated in the brochure due to variances in the manufacturing process and/or installed components. The actual length may be greater or less than that indicated. Due to the large variety of options and floorplan arrangements available to our customers, actual weights for each unit can differ significantly. Safari provides a weight sticker on each unit we produce which includes that unit's tank capacities and approximate weight. Consult your local Safari dealer for unit availability and further information. The information printed in this brochure reflects product design, fabrication, and component parts at the date of printing. The manufacturer reserves the right, at any time, to make changes in product design or material or component specifications as its sole option, without notice. This includes the substitution of components of a different brand or trade name which will result in comparable performance. All information printed in this brochure is subject to change after the date of printing. Some features shown or mentioned in this brochure are optional and may only be available in selected floorplans. Photographs may show props or decorations that are not standard equipment on Safari models. Safari, the Safari logo and its design, are registered trademarks. All other products and company names are trademarks and/or registered trademarks of their respective holders. While the color of the motorhome's exterior and the interior fabrics depicted in this sales brochure are fair and reasonable depictions, the colors depicted may not be an exact match of the actual colors because of the variances in photo-processing and variances caused by inserting the photographs within the sales brochure. Due to product improvements, changes during the model year and/or transcription errors that may occur, information represented within this brochure may not be accurate at the time of your purchase. If certain information is significant to your purchasing decision, please confirm the information with your dealer prior to submitting your order. Component part and appliance manufacturers issue limited warranties covering those portions of the recreational vehicle not covered by the Limited Warranties issued by Monaco Coach Corporation. To learn which specific component parts and appliances are excluded from the Limited Warranties issued by Monaco Coach Corporation, please contact your selling dealership or Monaco Coach Corporation directly, or review the warranty packet inside the recreational vehicle.

JUST A CLICK AWAY.

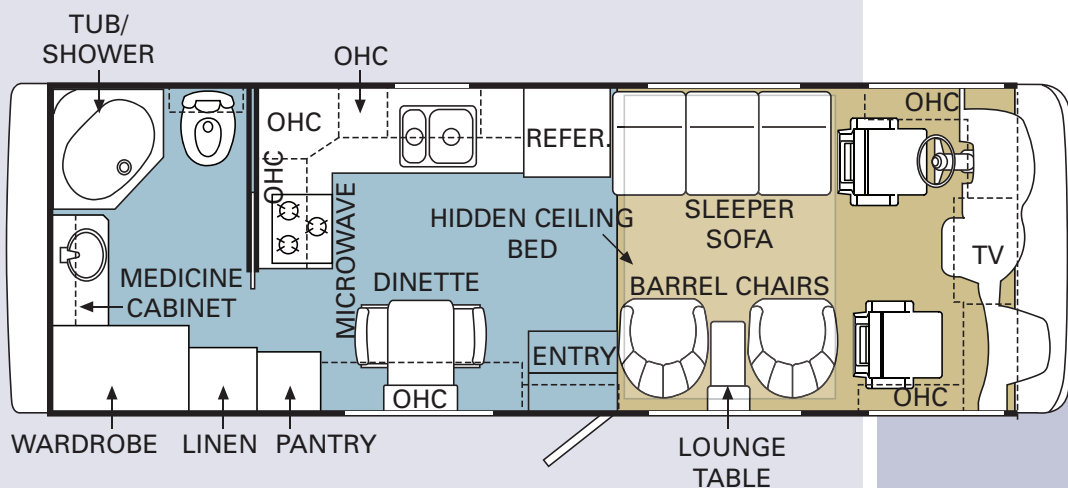

Safari is always just a click away. You'll find dealer links, service center locations, owner news and all the latest information on your Trek on our friendly, easy-to-navigate website. It's a direct link to everything Safari that can be accessed anytime, day or night, from home or on the road. www.safarimotorcoaches.com
